Dear Bud

STATINTL Thank you for your most thoughtful note of some weeks ago. Quite honestly, I very much enjoyed having your group visit [REDACTED] as it afforded me an opportunity to renew acquaintances and catch up with the news of an endeavor I was at one time very much associated with.

STATINTL I would like you to know that I have no reservation about moving ahead with the program here. I only ask that all concerned understand and bear with us here in what may seem mundane things. As you know from your own experience in visiting here that the lack of communication facilities is our great need. At the risk of sounding absurd, a "Grumman Gulfstream" would go a long way to not only assisting the projects but would make a very fine impression [REDACTED]

Expect to spend a week or so in Washington during leave in August; hopefully you will be available at that time.

Sincerely,

Alan
